# Important Information

## **Our Packages**

We would like to highlight that we **NEVER** take commission from you or overprice the accommodation (as can be a common misconception).

Our commissions come from all of the local services we use (hotels, restaurants, excursions etc). Due to strong relationships with providers and vendors, we get access to exclusive discounted group prices and can bring you the package for cheaper.

We do all the work - it costs you no extra, you just have to turn up and enjoy some netters and a great time away!

## **Tournament Entry Only?**

We no longer offer just the tournament entry for 2 reasons:

- 1) We are a fairly new business and we are constantly learning and improving. We want to ensure a sustainable business that can provide women with sports tournaments and great experiences, year in year out.
- 2) It enables you to have an unforgettable experience without the unnecessary expenses of meals out, excursions, transport, hotel costs etc. and it saves you a lot of hassle trying to organize the whole group (we feel you and we've got you!)

# Important Information

## **Bespoke Travel**

We would like to highlight that we are aware that one size doesn't always fit all and we don't want to be a cookie cutter sports travel business, so if there is something on the itinerary you would like to change just let us know.

## **Returning Team?**

As a big thank you for your support we would like to offer returning teams a 5% discount for this trip!

## **Want to extend your stay?**

Some of our Level Up guests come from further afield, so if you prefer to make a week out of it, let us know and we can provide you with quotes for a longer stay - no problem.

## **Who is the tournament for?**

- Over 18s
- Ladies only
- Club level standard - competitive but nice vibes!

# Why choose us?

## Empowering Women in Sports

At Level Up Sports Tours, our mission is clear: to empower and involve women in sports as much as possible. We are a company founded by (sports mad!) women, run by women, and dedicated to women. Our goal is to break down barriers and create opportunities for women in the sports world. We love that female football is massively on the up and we are super passionate about creating sporting event opportunities for you.

## Women for Women

Being a female run company gives us a unique perspective to understand and address the specific needs and challenges faced by female athletes.

# Why choose us?

## Inclusive and Diverse Environment

While our primary focus is on women, we also believe in the importance of inclusivity. We organize mixed netball and padel tournaments to ensure a diverse sporting environment where everyone can participate and enjoy (it's only fair in netball where men are the minority) but yes, we do love men too! and encourage them to participate in certain tournaments.

## Bespoke Experiences

We provide tailored experiences designed to inspire and motivate our athletes. We don't want to be a sports tour company who give you a minute by minute tour. We will always offer an exciting itinerary but please do let us know if there is anything specifically that you would like to do and we will always try our upmost to provide this for you.
